

GANESH NITALIKAR

PROFESSIONAL SUMMARY

Recent graduate with foundational knowledge Full stack Development and hands-on experience gained through academic projects and internships. Demonstrates strong teamwork, problem-solving, and time-management skills. Prepared to start career and make meaningful contributions with commitment and drive.

WORK HISTORY

Flutter Developer Intern, 06/2024 - 08/2024

LensifyMe, Pune (Remote)

- Developed LensifyMe.com's first e-commerce application for optics and eyewear using Flutter
- Integrated Firebase Authentication for secure user sign-in and Firestore for real-time data synchronization
- Designed and implemented a responsive UI with product search, filtering, and customer reviews
- Coordinated deployments of new software, feature updates and fixes.
- Corrected, modified and upgraded software to improve performance

PROJECTS

Chatticure - AI based medical Chabot

- Developed an **AI-powered medical chatbots** to predict diseases based on user symptoms.
- Integrated the **Google Gemini API** to provide intelligent health assistance and recommendations.
- Designed and trained a machine learning model for symptom-based disease prediction.
- Implemented a conversational UI for seamless interaction, ensuring a user-friendly experience.
- Utilized **Flutter** for the frontend and **Firebase** for real-time database management.
- Ensured secure **user authentication** with Firebase Authentication for personalized assistance.

Talkify - Real Time chat app

- Developed a **real-time chat application** using the MERN stack and Socket.io, enabling **seamless bidirectional communication**.
- Implemented **user authentication and session management** with JWT, bcrypt.js, and cookie-parser to ensure secure login processes.
- Integrated **Cloudinary** for secure media storage, allowing users to share images within chats.
- Leveraged **Zustand** for efficient **state management**, improving client-side performance and ensuring responsiveness.
- Designed a **responsive user interface** with React, React Router, and Lucide-React, ensuring an intuitive and mobile-friendly experience.
